Ex Parte Communication. IB Docket No. 11-109
IBSF File No. SAT-MOD-20101118-00239

Dear Secretary:

As a user of high-precision GPS in the Land Surveying profession, I'm oppose to LightSquared's request to affirm its license and its request to go forward with its plan. They should not be allowed to go forward until it is shown that their plan will not interfere with high-precision GPS. Not only the surveying industry will be harmed, but so will the hundreds of thousands of people who use the data surveyors produce. Please consider this request and help protect my profession.

Sincerely,

HENEGHAN AND ASSOCIATES, P.C.

Josh Stumpe,
I.P.L.S. #3737
